

DR. J. C. WALTON DIES AFTER LONG ILLNESS

Well-Known Specialist Passes Away
at Ridgefield, New
Jersey.

PIONEER IN HYDROTHERAPY

For Ten Years Operated a Sanatorium
in Richmond, and Had Planned
Large Extensions When Taken
Ill—Native of North Carolina.

Dr. J. C. Walton

Information was received yesterday that Dr. J. C. Walton, of the death of Dr. J. C. Walton at the family home in Ridgefield, N. J. Dr. Walton, one of the best known physicians and specialists in Virginia and North Carolina, had been ill in health and confined to his bed for some time in New Jersey for more than two years, and announcement of his death was daily expected.

For ten years before illness overtook him Dr. Walton had been a citizen of Richmond, and during that time he built here a reputation as a medical expert and specialist, and became the head of the sanatorium established in an annex of Murphy's Hotel. Dr. Walton was a pioneer in the use of hydrotherapy and electric treatment in the South. He had intended to enlarge the sanatorium in Murphy's Hotel, and more than two years ago formed a company to take over the Ponticello Springs property, with the idea of building on it a great sanatorium and hotel. At the time these negotiations were assuming shape Dr. Walton became ill, and was sent to a New Jersey hospital.

AN HOUR IN NORTH CAROLINA IN 1855

Dr. John Chappell Walton was a native of North Carolina, and was born in Caswell County on August 19, 1855. He received his education in the country schools, and his medical education was given in the Louisville Medical College, where he graduated in 1878. He settled first in North Carolina, and in 1880 moved to Chesapeake, where for a number of years he was consulting physician at the Mecklenburg Mineral Springs.

His funeral will be from the New Jerusalem, and interment will be in the cemetery at his wife's native village. Walton leaves, besides his wife, who is Miss Bessie Hall, of Ridgefield, N. J., two children, Peter and Sarah; two sons, Mrs. Robert Fawcett, of Caswell County, N. C., and Mrs. Woody, of Ridgefield, Texas.

IVES INTO CURBSTONE TO SAVE POLICEMAN

ton G. Thalhimer Escapes Injuries When His Seven-Passenger Car Turns Turtle.

To prevent running down Policeman S. of the Second District, Morton G. Thalhimer, 1639-A West Grace Street, night drove his seven-passenger automobile car into the curbstone at the corner of Franklin Street, and was crushed beneath the broken machine as it turned turtle.

The miraculous feature of the accident is the fact that neither Thalhimer nor his wife was injured. It is said that the big automobile turned twice before it finally brought up, and crumpled somewhere between its wheels and the curbstone. The car badly wrecked, and was left on the spot. It will be taken to a garage.

According to the report made at the police station, Thalhimer was driving west along Franklin Street at a moderate rate of speed, when Policeman S. of the Second District, Morton G. Thalhimer, 1639-A West Grace Street, night drove his seven-passenger automobile car into the curbstone at the corner of Franklin Street, and was crushed beneath the broken machine as it turned turtle.

LOSES SLANDER SUIT

Following a trial lasting two days, a jury in the Circuit Court yesterday returned a verdict for the defendant in the case of Mrs. Mamie L. C. Jacobs against Charles E. Locher. Mrs. Jacobs sued for \$15,000 for alleged slander, charging in her declaration that Locher insulted her by suggesting that she rent rooms in her house for improper uses.

The defendant produced a number of witnesses who testified to Mr. Locher's high standing in the business and social world. His counsel undertook to show that Mrs. Jacobs, without good reason, had made a remark of Mr. Locher's which could never have meant what she claimed to understand it to mean. The jury, after considering the evidence, returned a verdict for Mr. Locher.

ECZEMA ON HEAD AND THEN ON FACE

Itched and Burned. Hair Fell Out and Was Dry and Lifeless. Face Disfigured. Used Cuticura. Trouble Disappeared. Hair Stopped Falling.

Fallston, Md.—"Six months ago I had eczema on my head. It also went down my face. I could not have any ease day or night. It itched and burned so. The eczema appeared like pimples. My hair fell out and was very dry and seemed lifeless. The itching was so intense it caused me to scratch which formed sores. The breaking out on my face disfigured me.

"I sent for a free sample of Cuticura Soap and Ointment and I found they gave me relief. I purchased some Cuticura Soap and Ointment and used them for one month. The trouble on my head and face disappeared and my hair stopped falling out." (Signed) Miss Dossie Reed, June 3, 1914.

Cuticura Soap and Cuticura Ointment are so pure and delicate they may be used on infants from the hour of birth.

OBJECT TO USE OF STREETS FOR STORAGE OF BRICK

Contractor Curley Charged With Keeping Material In Thoroughfare for Months.

The case against J. J. Curley, a paving contractor, summoned to Police Court on a charge of obstructing streets on Church Hill with paving blocks, valued at \$15,000, was continued until March 16 in the Police Court yesterday to allow the city engineer and other officials to be summoned to court.

The Virginia Railway and Power Company was summoned to court some time ago for allowing the bricks to remain on the streets, but officials of the company quickly established the fact that they had nothing to do with them. Justice Gray yesterday said that he did not think it proper to issue the order for storage purposes and would have subpoenas issued for all persons interested in the case.

REHEUMATISM AND INDIGESTION

Practically all physicians and medical writers are agreed that there is a close relationship between Indigestion and Rheumatism. This view is substantiated by the fact that Shilva Spring Water, which is probably the best American mineral water for Dyspepsia and Indigestion, relieves Rheumatism and the Rheumatoid diseases, such as Gout, Sciatica, Neuralgia and Nervous Headache. All of these disorders are probably related, and all are probably due in whole or in part to imperfect digestion or to imperfect assimilation of food. Physicians who have studied this water and who have observed its effects in their practice, believe that it relieves these maladies by rendering the digestion complete and perfect and thereby preventing the formation of those poisons which inflame the joints, irritate the nerves, and also by eliminating through the kidneys, such poisons as have already been formed.

The following letters are interesting in this connection. Dr. C. M. Carum, a physician, writes: "I have tested Shilva Spring Water in several cases of Rheumatism, chronic Indigestion, and other troubles and in Nervous and Sick Headaches, and find it has acted nicely in each case, and I believe that it would continuously for a reasonable time, will produce a permanent cure. It will purify the blood, relieve acidity, stimulate the action of the Liver, Kidneys and Bladder, adding them in throwing out of the system a number of our best local physicians, went to Baltimore and consulted with one of them, and still I was not benefited. I had almost despaired of living when I began to use Shilva Spring Water, but now I am cured."

Mr. Thomas, of Virginia, writes: "I have sent you ten gallons of Shilva Spring Water. I want it for Rheumatism. I have been cured of Rheumatism with this water."

Editor Cunningham writes: "The water has done more good than any I have ever taken for Rheumatism. An entire family has been cured."

Mr. McClure, of South Carolina, writes: "My wife has been a sufferer from Rheumatism and after taking ten gallons of your Mineral Water, was entirely cured of the horrible disease."

Mr. Carter, of Virginia, writes: "Mrs. Carter has had enlarged joints upon her hands and feet, and after taking Shilva Spring Water removed every trace of the enlargement. The water is simply excellent."

If you suffer with Rheumatism, or with any chronic disease, accept the guarantee offered below by signing your name. Clip and mail to the Shilva Spring.

Box 70 S. Shelton, S. C.
Gentlemen: I accept your guarantee offer and enclose herewith two dollars for ten gallons (two five-gallon demijohns) of Shilva Spring Water. I agree to give the water a fair trial in accordance with instructions which you will send, and if I derive no benefit you are to refund the price in full upon receipt of the two empty demijohns, which I agree to return promptly.

CATARRH CAUSED BY A GERM

Must Be Destroyed Before Catarrh Itself Can Be Cured, Says Specialist. Wonderful Results from Breathing Medicated Air.

Medicine taken into the stomach will never cure catarrh. And neither will the sprays, douches, injections, creams and other temporary relief that so many catarrh victims make a habit of using. To cure catarrh you must come back, you must drive from your body the millions of germs that are flourishing in the lower recesses of your nose and throat and are causing the disease.

There is a preparation which does this called Hyomel (pronounced High-mel). Hyomel is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomel through the mouth and nose by means of a little tube which penetrates into every fold and crevice of throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen, inflamed membranes, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes to catarrh distress of every kind, and if you make practice of breathing Hyomel for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish, but the disease itself will be a thing of the past. No one need try to cure catarrh on pure faith. Tragle Drug Co., and many other leading druggists in Richmond and vicinity sell it with the positive guarantee that if it does not cure your catarrh that the money paid for it will be refunded. Hyomel is very inexpensive, and with this protecting guarantee should your purchase there is absolutely no reason why it should suffer from Catarrh should not give it a fair trial.

WE WANT

The Citizens of the City of Richmond to Decide

WHETHER OR NOT WE SHALL BE PERMITTED TO LEASE THE MUNICIPAL GAS WORKS

The President and Members of the Common Council have been asked by us to submit this proposition to you, and we are willing to abide by your decision. This whole question should be considered absolutely from a business standpoint. Here is the situation in a nutshell:

Large sums of money must be expended within a comparatively few months to provide the City of Richmond with an efficient and absolutely necessary gas distribution system—mains and service pipes.

For this statement we have no less an authority than Mr. Arthur G. Glasgow, a well known Richmond man and one of the world's greatest authorities on gas plants and gas distributing systems.

Shall the City funds be used in this momentous work, necessary to provide for the present as well as the immediate future, or will you, the citizens, encourage private capital to carry this burden and operate your Gas Works under a lease?

On the one hand, there must be a further issue of bonds by the City of Richmond, if needed improvements are to be made, with resultant interest charges, and provision made for the payment of the bonds, while on the other hand,

We offer to pay the City \$140,000 or \$100,000 a year rental

There is only one answer, and the facts point right to it. It means better gas, cheaper gas, better service, labor for hundreds of the unemployed, and a big saving to the city and an individual saving to the citizens.

Stop, Think, Study—Then Decide This Case as Affecting You Individually

BETTER BABIES' CONTEST

Plans for Holding Contest at State Fair Discussed at Enthusiastic Meeting.

Elaborate plans for holding a better babies contest at the Virginia State Fair this year were discussed at length yesterday afternoon at a meeting in the offices of the State Board of Health attended by representatives from the Federation of Mothers' Clubs, the Visiting Nurses' Association and the State Board of Health.

Those interested in the contest plan to make the event this year more beneficial and more interesting
